

Luzerne Learns to Work

Program Activities

Throughout the academic year, students, educators, and parents & guardians will be exposed to a collection of partners, resources, and activities that will enhance their knowledge of career exploration and local career pipelines.

High School Students

(Grades 9, 10, 11, 12)

START LEARNING

- National career cluster education
- Career ladder research on industries with high employment demand
- NEPA Manufacturing Education Guide
- WVIA Careers that Work videos

Students learn about career clusters, high priority occupations, and navigating the Luzerne Learns to Work website.

LEARN MORE

- PA CareerZone Career Interests Inventory
- Luzerne County Library AMA Microcourses pathway for soft skills
- Luzerne County Library BlueCareer platform for trades skills
- PA Careerlink Metrix Learning courses
- Exploration events:
 - Inspiring Careers of NEPA (ICON)
 - NEPIRC Dream Team
 - JA Inspire Career Discovery Experience
- Higher education/dual enrollment research
- Junior Achievement Company Insight program

Using the resources provided, students take their own personalized learning pathway to learn more about the careers and industries that match their skills and interests, and earn industry-recognized credentials in skills that align with potential opportunities locally.

DO MORE

- Work-based learning experience
- Scholarships for continuing education (12th graders)

Students explore work-based learning opportunities offered by local employers to gain experience and see real-world application in their field of interest.

Educators

- Attend **Luzerne Learns to Work Day**
- Participate in the **Impact: Leadership in Education** program & informational seminars through Leadership Northeast
- Get paired with an in-person **Program Onboarding Specialist** to aid in student onboarding, in-class program presentation, Luzerne Learns to Work platform resource navigation, and technical assistance

Parents & Guardians

- Access informational videos, webinars, and seminars
 - National career cluster resources
 - Career ladder research on industries with high employment demand
 - NEPA Manufacturing Education Guide
 - WVIA Careers that Work videos
- Receive monthly **Career Exploration Digests** highlighting their students' work in the program throughout the year
